AMAN SINGH

Delhi, India Amans8270@gmail.com +91-9569630495 in/aman-singh-03571713a github.com/amans8270

SUMMARY

IT Graduate with a Bachelor's degree in Information Technology (2022) and over 1.6 years of hands-on experience in software and web development. Skilled in **Java, Python, JavaScript, React, and MySQL**, with a solid understanding of both frontend and backend technologies. Experienced in building responsive web applications and working with frameworks like **React and Spring Boot**. Passionate about continuous learning, problem-solving, and contributing to innovative, growth-oriented projects.

EXPERIENCE

Front End Developer (React)

Surya Jyoti leasing and finance Limited **February 2024 - August 2025**

- **Developed and maintained** responsive web interfaces for the company's main website and admin dashboard using **React, JavaScript, HTML, and CSS**, improving overall **UI responsiveness by 35%**.
- **Collaborated** with backend teams to integrate REST APIs, enhancing data synchronization and reducing load times by **25%**.
- **Optimized** front-end code and reusable components, resulting in **20% faster rendering** and cleaner codebase.
- **Contributed** to UI/UX improvements that increased user satisfaction and engagement by **30%** according to internal feedback.

Trainee Intern

WIPRO **March 2022 - June 2022, India**

- **Developed** the **Muzix App**, a full-stack web application using **Angular**, **Spring Boot**, and **MongoDB**, achieving **100% functionality across planned modules**.
- The app allows users to **search, play, and manage their favorite songs** using integrated **public APIs** for music data.
- **Designed and implemented RESTful APIs**, ensuring seamless frontend-backend integration.
- **Enhanced** application responsiveness and interface usability.

PROJECT

Airbnb Clone

github.com/amans8270/airbnb • November 2021 - December 2022

- **Developed** a responsive **Airbnb Clone** using React, replicating key features like property listing, search, and booking interface.
- **Implemented** dynamic components, routing, and state management to enable smooth navigation and data handling.
- **Designed** a clean and modern UI using React and CSS, ensuring **100% mobile responsiveness** and improved user experience.
- **Optimized** frontend performance by reducing render time and improving component reusability by **30%**.

Online Secure Examination System

github.com/amans8270/Online-Examination-System • December 2021 - February 2022

- **Developed** a fully responsive online examination system using React, improving **test creation and management efficiency by 40%** for administrators.
- **Integrated REST APIs** to handle real-time exam data, enabling **instant result generation** and reducing manual evaluation time by **60%**.
- **Designed an intuitive UI** to provide a seamless experience for students and administrators across devices.
- **Optimized performance** and data accuracy, resulting in a **30% reduction in load times.**

Whatsapp Web Cloner

github.com/amans8270/Whatsapp_clone • June 2021 - June 2021

- **Built** a functional WhatsApp Web clone replicating **90% of core chat features** including real-time messaging and authentication.
- **Integrated Firebase** for database and authentication, enabling **instant message updates** with minimal latency.
- **Implemented responsive UI** with React, achieving **100% adaptability** across desktop and mobile browsers.
- **Ensured real-time synchronization** of chat data, enhancing user experience and reducing message delivery delay by **80%**.

Covid 19 Tracker

github.com/amans8270/covid-19-tracker • May 2021 - May 2021

- **Created** a React-based web app to track real-time global COVID-19 statistics, integrating **public APIs** for accurate, updated data.
- **Implemented data visualization** using Chart.js, improving user understanding of trends by **50%** through interactive graphs.
- **Enhanced API handling efficiency**, reducing data loading time by **35%** for smoother user experience.
- **Designed a responsive layout** that achieved **100% cross-device compatibility**, ensuring accessibility for all users.

EDUCATION

B.Tech (Information Technology)
Pranveer Singh Institute Of Technology, Kanpur • 2018-2022 • 73.32

Intermediate
St. Mary's School, Mirzapur • 2015-2017 • 69.99

High School
St. Mary's School, Mirzapur • 2013-2015 • 76.69

CERTIFICATIONS

Interactivity with Javascript Coursera

Intermediate Relational Database and SQL Coursera

Front-end web development using React Coursera
2020
